ABOUT THIS PROPERTY

600 sq ft of private outdoor space on the 59th floor. South-east views over the entire city with unobstructed views of Lake Ontario and the CN Tower. This is the kind of outdoor space people imagine when they think about owning a penthouse, and it's attached to a 1,290 sq ft suite at Aura. The terrace runs the length of the living, dining room, and primary bedroom and turns the entire south-east corner of the suite into usable outdoor living space, high enough that the city spreads out beneath you in every direction. Most condos this size give you a balcony you can fit a chair on, but this one gives you a second living room in the sky. The suite itself is perfect for entertaining featuring a split two-bedroom layout, hardwood floors, floor-to-ceiling windows and an open concept kitchen with stainless steel appliances and a wine fridge. Primary bedroom has a walk-in closet and 5-piece ensuite, second bedroom has its own double closet and window, fully separated from the primary for privacy. Building amenities include a fitness centre, party room, rooftop deck with BBQs, guest suites, billiards room, theatre room, and full-time concierge, with direct TTC access and the Eaton Centre, hospitals, TMU and University of Toronto minutes away. Terraces this size at this height do not come around often.
