ABOUT THIS PROPERTY

Is there anything more Toronto than a true hard loft? This distinctive 1-bed, 1-bath suite at Century Lofts delivers authentic industrial character in the heart of downtown - soaring ceilings, classic mushroom columns and warehouse-style windows that give the space its genuine loft soul. The open-concept layout is smartly designed to live larger than its footprint: two movable kitchen islands let you reconfigure for cooking, entertaining or extra prep space, while the bedroom's clever upper sleeping loft frees up the entire area below for a dedicated home office, studio or lounge - a rare bonus in downtown living. Super Cool engineered cork flooring adds warmth, comfort underfoot and a modern edge throughout. Century Lofts is a well-maintained boutique building with updated amenities, including a rooftop terrace with BBQs, a gym, and a party/meeting room. Step outside to the TTC, cafés, restaurants and everyday essentials - all just moments from your door. Includes Water, Internet, Cable and a well-sized locker. Vacant and available immediately - a distinctive downtown loft ready to be your next home.
