ABOUT THIS PROPERTY

Some homes simply have a presence, and 13 Euclid Avenue is one of them. This 2.5-storey duplex carries the craftsmanship of another era: original millwork and hardwood flooring, detailed plaster ceilings, and generous ceiling heights that give every room a sense of grace and volume. These are details that cannot be built new, and here they have been preserved. With four bedrooms, two baths, and two full kitchens, the layout suits an owner-occupier who wants help carrying the home, a multigenerational family, or an investor who values a lasting asset. The upper levels offer room to gather, cook, and settle in, while the lower unit, with its own kitchen and walkout to the yard, is home to a respectful tenant who is happy to stay on, providing steady, in-place income. Peace of mind comes built in, with upgraded drainage pipes and a sewer back-up valve already completed. Out back, a private yard offers a quiet place to unwind, and a detached garage with laneway access is a rare find so close to Queen West. Queen Street West is just steps away, with its cafes, restaurants, shops, and galleries, and the whole neighbourhood is easy to explore on foot. A home with this much character on a street this connected rarely comes along. *Note listing does not include photos of apartment 13A. *
