ABOUT THIS PROPERTY

Finally, a downtown condo that doesn't ask you to compromise on how you actually live! Because let's face it, not all condos are created equal. This beautifully maintained 1+1 at Axiom Condos offers smart, functional living space, plus a balcony with unobstructed views. Owned and lovingly cared for by the original owner, never tenanted and in impeccable condition, this is a home that's been thoughtfully upgraded and truly lived in with pride. The open-concept living space has room for a full-sized couch and a proper entertainment setup, while the upgraded kitchen features quartz countertops, stainless steel and integrated appliances, and a custom island that's perfect for everything from your morning coffee to hosting friends. The primary bedroom can fit a king-sized bed with two closets and semi-ensuite access to a four-piece bathroom. And the den? It's not just a little nook in the hallway. With its own door and enough space for a proper bed, it works beautifully as a guest room, second sleeping area or a home office. Ensuite laundry, storage and a private, secure locker large enough for bikes. Rare convenience of your own parking spot with a dedicated, installed EV charger. The building offers a rooftop terrace, gym, party room and 24-hour concierge. The location? Pretty hard to beat. Tucked into the vibrant King East and St. Lawrence neighbourhood, you're a short walk from St. Lawrence Market, the Distillery, amazing restaurants, cafés, shops, parks and everything downtown Toronto has to offer. With transit, major highways and green space close by, you get all the energy of city living without giving up the little things that make a place feel like home. Whether you're buying your first place, looking for more flexibility or ready to downsize without feeling like you're downsizing your life, this is a condo you can actually settle into. A smart layout, thoughtful upgrades and unbeatable downtown convenience. This one just makes sense!
