ABOUT THIS PROPERTY

Welcome to one of the city's most sought-after neighborhoods in the Upper Beaches. This gorgeous, 3 Storey custom-built detached home offers 4 bedrooms, 5 bathrooms, and a bright, open-concept layout designed for real family living. Approximately \$100,000 in recent upgrades (additional walk in closet in Primary Bedroom, 20 Ft. of added custom storage on the main floor) and true pride of ownership are evident throughout. The state-of-the-art kitchen is the heart of the home, with a striking waterfall island that flows into the family room. It's ideal for everyday life and easy entertaining. Upstairs, the primary retreat features a spa-like 5-piece ensuite, two separate walk-in closets, and a large private balcony. The second bedroom also has its own 3-piece ensuite. The finished basement adds a huge recreation room, perfect for movie nights, a play space, or hosting friends. Out back, the yard is a hidden gem. It backs onto a laneway with a shared rear right-of-way, giving you exceptional privacy, additional access, and use of your very own garage. Families will appreciate the welcoming community, nearby parks, high ranking school district, and the freedom that comes with living in a neighbourhood where children still play outside until dinner. Kimberley Public School is only a few steps across the street. A rare opportunity to own a home in Toronto that truly has it all, while enjoying all the comforts of modern living in one of the East End's most beloved communities. The location is hard to beat. High-ranking school district, Commuters will love being just minutes to the GO Train, with Union Station only 10 minutes away, plus easy TTC access nearby. This Home Truly Has It All!!
