ABOUT THIS PROPERTY

Welcome to your dream home, where understated luxury meets thoughtful design. Step inside this turn-key, fully renovated 4-bedroom, 3-bath smart home, with every detail considered. The 2022 renovations reached every corner, delivering elevated finishes, three fully updated luxury bathrooms, and dimmable lighting throughout, while four spacious bedrooms offer room for everyone. With over 2,100 sq. ft. of space, entertaining feels effortless here. A generous dining room with a striking wine wall sets the stage, and the open-concept chef's kitchen flows seamlessly into the living room. With a new gas stove, stainless steel appliances, built-in microwave, and garburator, it's made for cooking and gathering. Comfort is built into the details. Top-tier security and smart home features offer peace of mind, while a water purifier and softener system and owned tankless water heater make everyday living effortless and efficient. That same attention to detail extends outdoors, where a louvered pergola invites you to enjoy the backyard, and a serene walking trail leading to a park sits right behind your property. The versatile multipurpose room in the basement works as a home office, gym, playroom, or media lounge, and TTC, Milliken GO, great restaurants, shopping malls, top-rated schools, and parks are all close by. Whether you're a young professional or a growing family, this home is ready for you.
