ABOUT THIS PROPERTY

Welcome to Heritage Towns on the Trail, where thoughtful design, great space and one of the city's most connected locations come together. This 3-bedroom townhome has been carefully customized from the original builder design, starting with a reconfigured kitchen that creates a more spacious and practical layout, finished with JennAir appliances, a high-end faucet and elevated finishes. The main floor features custom media wall with built-in shelving and is smart-home ready, while the upgraded laundry adds everyday convenience. The primary suite offers a custom walk-in closet along with additional custom cabinetry for extra storage. Upstairs, the private rooftop terrace is a true extension of the living space, complete with composite decking, a gas line and a great setup for entertaining, dining or relaxing outdoors. One parking space and one locker are included, plus visitor parking conveniently located right out front - ideal for guests and unloading groceries. Set within a vibrant, walkable community with groceries, cafes, restaurants and everyday essentials close by, while UP Express, GO and TTC are just steps away for easy access downtown, to the airport and across the city.
