ABOUT THIS PROPERTY

Welcome to SCOOP Condos - a quiet, highly sought-after six-storey boutique building with just 72 units. Full of natural light, this stunning, bright, and spacious suite features a very practical split-bedroom layout with two generously sized bedrooms and bathrooms. Unlike many of the cramped newer condos on the market, this large suite actually gives you room to breathe. You walk into a properly sized foyer with a large wardrobe closet and your laundry tucked away. The main living space is wide open, leading out to a west-facing balcony that overlooks a side street, away from St. Clair. The whole space centres around a massive kitchen featuring a large island, full-sized stainless steel appliances, and plenty of actual counter space to cook and entertain. The two bedrooms are on opposite sides of the unit, while their doors do not face each other, creating maximum privacy. It is an ideal setup for roommates, couples who need their own space, or anyone wanting a dedicated, quiet home office. Two bathrooms, including a very spacious ensuite, round out the space. Location-wise, it's a really great spot in the west end, sitting right between Corso Italia, The Stockyards, and The Junction. With so much shopping around, you can almost cancel your Amazon Prime membership! Easily walk to local cafés, bakeries, and restaurants reflecting the neighbourhood's rich cultural diversity, as well as parks, schools, community centres, and the contemporary Silverthorn Library, designed by renowned architect Bruce Stratton. The streetcar connecting you to St. Clair West Subway Station stops right outside the front door, making it easy to get around without a car. SCOOP Condos also has some great perks, including a bright pet spa, a state-of-the-art fitness centre, visitor parking, and a community room with a library area that opens onto a beautiful backyard-like outdoor space. If you want stylish urban living just outside the busy downtown core, then this unit is definitely for you!
